THANK YOU FOR PURCHASING PROPANELS. WITH GOOD CARE, THIS SYSTEM WILL GIVE YOU YEARS OF SERVICE. WE HAVE A FEW TIPS THAT WILL MAKE THEIR USE EASIER.

UNPACKING/SETUP

- MAKE SURE ALL LEVELERS ARE FULLY SCREWED IN BEFORE YOU BEGIN SETTING UP. THIS WILL INSURE THAT ALL EDGES ARE PARALLEL WHEN UPRIGHT.
- KEEP TWO OR THREE PANELS ATTACHED FOR EASIER TRANSPORTATION AND SET UP. THIS WILL SHORTEN SET UP TIME.
- SIGNS AND OTHER VERY LIGHTWEIGHT ITEMS CAN BE ATTACHED TO THE PANELS WITH THE HOOK SIDE OF VELCRO.

TRANSPORTING

- PANELS ARE BEST TRANSPORTED ON THEIR EDGE IF POSSIBLE. IT WILL CAUSE LESS WEAR AND TEAR. WE DO NOT RECOMMEND CARRYING PANELS ON TOP OF YOUR VEHICLE. ROAD GRIME AND WEATHER ELEMENTS CAN QUICKLY DAMAGE OR RUIN YOUR PANELS.

CARE AND CLEANING

- YOU CAN CLEAN YOU PANELS SEVERAL WAYS. SWEEPING OR VACUUMING PANELS WILL GET RID OF DUST. IF NECESSARY, YOU CAN ALSO USE WATER TO HOSE THEM DOWN (WATER WILL NOT DAMAGE PANELS). MAKE SURE THEY ARE FULLY DRIED BEFORE STORING. FOR STAINS YOU CAN USE AN ALL-PURPOSE CLEANER (WITHOUT BLEACH).
- IF THE CARPET BEGINS SAGGING FROM A DRAPERY HOOK, YOU CAN PLACE THE PANEL IN SUNLIGHT FOR A FEW MINUTES, ALLOWING THE CARPET TO WARM AND THEN SMOOTH OVER THE AREA. THIS WILL OFTEN HELP DIMINISH ANY BLEMISHES. DO NOT LEAVE YOU PANELS IN DIRECT SUNLIGHT FOR AN EXTENDED PERIOD OF TIME, AS IT MAY CAUSE WARPING OF THE FOAM CENTER.

ADDING ELECTRICITY

- TO ADD ELECTRICITY, USE A MULTI OUTLET STRIP WITH TWO BROOM CLIPS ATTACHED TO THE BOTTOM. THIS WILL ALLOW IT TO SNAP ON TO YOUR PANELS. YOU CAN PLUG IN YOUR LIGHTS THERE AND HAVE ONE SWITCH TO TURN LIGHTS OFF AND ON AND HAVE ONE CORD HANGING DOWN. FIRE MARSHALL'S LIKE THE GROUNDED STRIP TOO.

IF YOU HAVE ANY ADDITIONAL QUESTIONS, PLEASE FEEL FREE TO CALL US AT (800) 525-41259 OR E-MAIL AT QUESTIONS@PROPANELS.COM.
