TO SET UP YOUR NEW PRINT BIN...

1. PULL YOUR NEW PRINT BIN OUT OF THE BOX THE SIDES TOWARDS YOU.
2. SWING THE SIDE PANELS AROUND (ALL THE WAY AROUND TO THE OPPOSITE SIDE) TO STAND THE BASE UP ON ITS OWN.
3. NOW YOU HAVE A BASE WITH THE SLING ALREADY ATTACHED. PUT THE ENDS OF THE POLES RIGHT INTO THE HOLES ON THE ENDS OF THE SIDE PANELS.
4. MAKE SURE THE SIDE IS ALL THE WAY AROUND AND BEHIND THE FRONT. INSIDE THE SLING YOU WILL FIND YOUR BRACES FOR THE CORNERS. PUT THE BRACES OVER THE CORNERS ON EACH SIDE AND YOU HAVE THE PRINT BIN.

WHEN YOU ARE FINISHED THE EASIEST WAY TO GET IT BACK INTO THE BOX IT CAME IN WILL BE...

1. TAKE OFF THE CORNER BRACES AND PUT THEM WHERE YOUR PRINTS ARE DISPLAYED.
2. TAKE THE POLES OFF THE SIDES, BRING THEM TOWARD THE FRONT.
3. SWING THE SIDES BACK TO THE FRONT AND THE PRINT BIN WILL EASILY FIT BACK INTO THE BOX.
